

8th & 10th DISTRICT VICE-COMMANDER
William Stein

We had a 8th and 10th Joint District Rally Sunday, October 16 at Mora. At that time, the 8th District was a few percentage points ahead of the 10th District Sal squadrons. With both districts in a race to lead the other District by Fall Conference, I wanted to get the final figures because I knew they would be close. I was right; the 10th has 40.14% and the 8th District has 40.36% and they are in 3rd and 4th place in attaining their 2012 goal.

The 8th District Commander, Mike Slaviero is still working on getting his squadrons to send in membership when they receive them and don't hold them until they get a bunch. More good news; the 8th District is going to charter two new squadrons!

The 10th District SAL Commander Charlie Heemer called his Vice Commanders and had membership mailed to Department to get ahead of the 8th District. I know membership has been slow coming in but will get back on track.

In talking to both the 8th and 10th district SAL Commanders, they say participation will grow with working towards better communication.
